Opening new production plant in Donja Bistra (Croatia)

Deceuninck announces the opening of a new production plant in Donja Bistra, Croatia. Deceuninck has been present in Croatia for 20 years and was until now operating from three separate locations. The investment is worth approximately EUR 7 million and will unite all business processes from warehousing and production to management and administration into one location.

The new factory covers an area of 17.000 m² with a further potential capacity of 11 production lines with greater efficiency and high-end service levels. The plant was built in accordance with the most modern requirements in terms of sustainability and energy saving, with the intention to include a solar panel installation on the production hall.
